# Season's Greetings !

1995 has been an excellent year for the Newsletter. Plenty of news, articles, photos, cuttings, pictures, letters and just simple suggestions have all helped to establish it.

Now it has become the ideal medium for an exchange of cycling ideas and information in and around Norwich. It's influence is even spreading to other parts of the country and beyond!

I'd like to thank those who have really made this possible - YOU!

All members contribute in some way - even by just joining the Campaign. Special thanks must of course go to those who have been particularly active in contributing material for the Newsletter - Les, Matthew, Phyll, Frank, Mike, David, Andrew, Nigel, Ingo. I know there are lots more of you with something to say or ask. Please BE PART OF THE SOLUTION in 1996 by contacting me or the office with ANY comment or suggestion. You'll be glad you did.

I would especially like to publish more of your photos. Please think about carrying a camera on rides and events. There will be special awards for the most useful cycling pictures so be prepared!

*John King*

## AGM

Our Annual General Meeting is on December 20th. You are cordially invited to take part in this important and special meeting

**Special guest speaker:**  
Nigel Brigham, Regional Manager, Sustrans (East of England)

*Please bring your cycling friends to the Christmas Party which follows the AGM. Food, frolics, drinks, music, prizes!*

**Cellar Bar  
St Andrews Tavern  
AGM 7:30 - 9-ish  
Party 9-ish till ?**

**Achievements abound!** Early in the year we acquired our city centre office plus Norwich Union funding and office equipment. We managed to exert increasing influence on various city and county schemes. Numerous events before, during and after National Bike Week helped to raise our profile enormously and have resulted in many new members joining the Campaign.

A great deal of useful publicity has been gained through Critical Mass Rides, letters debates in the local press, Dr. Bike sessions, leisure rides, and distribution of the Campaign Newsletter.

Much appreciation is due to John King and his efforts in elevating the Newsletter to its present level. And thanks to all those whose special abilities and selfless endeavours have brought us thus far.

We now have new funding from the Safer Cities Project and approval for our Norwich Bikewatch Scheme. There is now much to look forward to in 1996. Please maintain that contact which is so vital to the Campaign and we will all have a great year!

*Les Hopkins*
